

## PAYMENT PREPAID CARDS EASY, FAST, SAFE

The fast, economical and complete solution to your drivers' on-the-road "cash" needs.

### The Cards

TCS Visa cards are accepted throughout Europe for cash withdrawals and most kinds of payments.

### The Service

TCS prepaid cards are reloadable at any time of day or night so your drivers can make roadside payments 24/7.

### The Solution

Assist driver progress on European routes with easy, cashless payment for ferry tickets, subsistence, garage repairs, fuel, parking - even roadside spot-fines.

### THE BENEFITS OF TCS PREPAID CARDS:

- ✓ *No risk: dispensing cash to the driver only when necessary and only with your authorization - eliminates unauthorised withdrawals*
- ✓ *No management problems - if you want, we'll take care of everything*
- ✓ *Fast: within 10 minutes your drivers' have the money they need - anywhere*
- ✓ *Cuts operating costs - no annual fee, no interest, reduced service fees*
- ✓ *No adverse effect on cash-flow*
- ✓ *Simple administration: accurate recording of driver expenses, easy monitoring of journey on-costs - an end to sorting out multiple receipts for payments in cash and on different cards.*

**Want a flexible prepaid payment card that's acceptable across Europe and instantly reloadable 24/7?**

TCS prepaid cards give your drivers the support and freedom they need to make efficient progress on European routes, making all necessary payments swiftly, safely and cost-effectively to keep them on their way - on schedule and on budget.

With TCS prepaid cards, cash can be with your drivers within ten minutes - wherever they are - doing away with them carrying large cash advances, needing to make awkward roadside payments and footing bills for tyre damage, emergency workshop repairs, subsistence, fuel and other daily expenses.
